

Year 2 Homework

Handed out: Friday 24th November

Handed in: Wednesday 29th November

This week in English, we have started looking at book reviews. As a class, we wrote a book review for our class book of Immi making sure that we included questions, opinions, a description and a conclusion. We made a review map to help us to sequence the review before we wrote them. We wrote super book reviews and will continue learning about response texts next week!

In maths, we have been learning how to solve addition number sentences by bridging 10. We used diennes and images to support our learning before we recorded number sentences by ourselves. We learnt to add the tens, add the ones and then add the totals to solve addition number sentences. We have also been using maths graphics to solve subtraction number sentences.

For your home learning this week, we would like you write a book review of one of your favourite books. Which book would you recommend to a friend? Could you give it a star rating out of 5?

Spellings

giant
giraffe
bridge
edge
fudge
ledge
